Artist: Bianca Ruizendaal

Product Code: BIRP-nova

Availability: 1

Dimensions: 2.00cm x 100.00cm x 113.00cm

Price: €1.650,00

Description

A nova is an extraordinary stellar event that causes a star to shine a lot brighter out of the sudden. As a star can suddenly find its full potential, people can also find this in an unexpected burst of wonder.

This feeling of wonder is what Nova resembles while she is looking up to the night sky.

Because, in the end, it is a feeling of refreshment and new energy that fills our lungs after a night of stargazing.

Specifications
